Queen's University

The purpose of this Standard Operating Procedure (SOP) is to describe the procedures to be followed when a protocol is complete or abandoned.

When an animal use protocol (AUP) has been abandoned or has come to a natural completion, a protocol closure report in the electronic protocol management system (Topaz Elements) is required.

University Animal Care Committee , Principal Investigator Animal Use Protocol

A protocol closure report collecting information on why the study is no longer being pursued is required upon completion of a protocol (or when a PI chooses not to renew or to abandon a
