Recommendation 1: To improve the student learning experience, the Centre for Neuroscience Studies should engage the Centre for Teaching and Learning to assist with a curriculum review to ensure that the curriculum is comprehensive, cohesive and aligned with the program's learning objectives	
Proposed follow-up	A curriculum mapping of all courses to DLEs, Los and other indicators of achievement in conjunction with the Centre for Teaching and Learning
Responsibility for leading follow-up	Director, Centre for Neuroscience Studies, associate deans (FHS and SGS)
Timeline for addressing recommendation	Vice-Provost and dean of Graduate Studies and the dean of Health Sciences' <i>annual reports</i> to the provost 2016
Are there additional deliverables associated with the proposed follow-up?	Yes
Which support units have been engaged as collaborators in supporting additional deliverables? (If no, please indicate 'N/A')	N/A
What is the current status of the follow-up?	Completed
Include a completion percentage	100%

Please provide a brief description of the current, completed or planned work

CNS Grad Committee (without the Centre for Teaching and Learning) has performed a curriculum review. 2 major gaps have been identified: (1) lack of stats training, and (2) lack of clinical (specially neuropsychiatry) courses.

(If no, please indicate 'N/A')
