Psych 370 will utilize a Numbers In, Letters Out marking scheme. You will be given a percentage (%) grade for the 1st and 2nd midterm exams (e.g., 92% and 89%). (Midterm marks will be posted on Moodle. A percentage grade will be calculated for the final exam (e.g., 96%), and the 3 grades will be used to determine a weighted average (e.g., [(0.25 * 92) + (0.25 * 89) + (0.50 * 96)] = a weighted average of 93.25%). The final % grade will then be converted to a letter grade (e.g., 93.25% =) A+;

The final grade you receive:
