

The Student Aid Act and its Regulations set forth the definitive legal rights and obligations of a Student and should be referred to in case of uncertainty or dispute.

Your Manitoba Student Loans are payment free while you are attending classes full time in a program of study and at an educational institution approved (designated) by Manitoba Student Aid.

HOW DO I KEEP MY LOANS IN PAYMENT FREE STATUS?

- a) If you are continuing school and negotiating new loans:
For all Manitoba Student Loan(s) negotiated on or after August 1, 2001 Manitoba Student Aid will automatically keep your MSL(s) in payment free status.
- b) If you are continuing school and are not negotiating new loans or received a zero award:
Complete this form. Have your educational institution confirm your enrolment, then take a copy of this form to each of your lender(s) of your Manitoba Student Loans to confirm that you are attending school.

The lender is required to maintain or reinstate your loan to payment free status if you provide this form. Repayment of your Manitoba Student Loan(s) will still be required.

If your loan enters repayment status while attending classes full time, principal payments applied to your loan will not be refunded.
