Copy to:	Safety Officers, Faculty of Health Sciences Department Heads		

J. Singleton (Co-Chair) called the meeting to order at 1:35 pm.

1) Approval of the Minutes of November 16,

was an employee at HDH who tripped on a rug at the staff entrance of the hospital. The employee experienced a mild concussion and lost 4 days of work.

D. Langham clarified that that car accident did go through WSIB as it was at a work related event. It was conference related even though they were driving back from dinner. The employee fall at HDH was reported to the safety department. HDH safety took care of what they needed to do with regards to the rug. There was a delay however with his incident as initially it was only reported to HDH, even though the individual was a

2.3 Inspection reports SOM 1st, 2nd 3rd and 4th floors

Y. Tse reported on the inspections in the SOM that he did with S. Bagherifam did in January. Y. Tse stated that because he is the manager of a lot of the 3rd and 4th floors he deferred a lot of the inspection to S. Bagherifam. He reviewed all of the issues found, and read all of the responses that came back from safety officers. The only major concern is the elevator weights (approximately 500 pounds) that have been left for some time in the garage area. This garage is used frequently by funeral vans that bring in the human body donors. Y. Tse indicated that C. Irving will be looking into having the weights removed and put into proper storage.

3) Other Business

D. Langham report

Publicly available will be registered with 911. Another element to the legislation is that there is a requirement for within the province. We will

A software that will be used to create an inventory and it will also be used to track the inspections. The government will let us know what further installation needs to happen on campus.

Several vacancies are still needed to be filled on our Committee. S. Jeffers of EH&S is working with employee groups to fill these positions. If anyone knows of anyone that may be interested please connect with S. Jeffers to create arEH&S is working wi110 g0 G(S)TJETQq0.00000912 0 62 72 reW*nBTF(h)-3(e)-3(r

charge from the organization delivering the training if the individual d
show up for training.

D. Langham shared that as far as COVID goes we are continuing on as we
have been unless there is a different direction given by the government or
public health. Messaging will continue that if
come to campus. Most committees have eliminated a COVID update from
their standing agenda.
