

Name:

Inertia & Motion!

Let's Talk About It!

Predict:

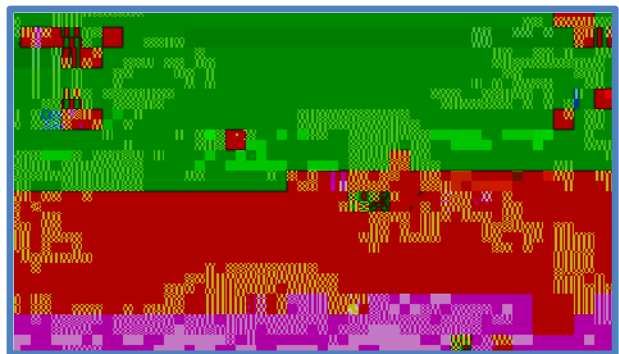

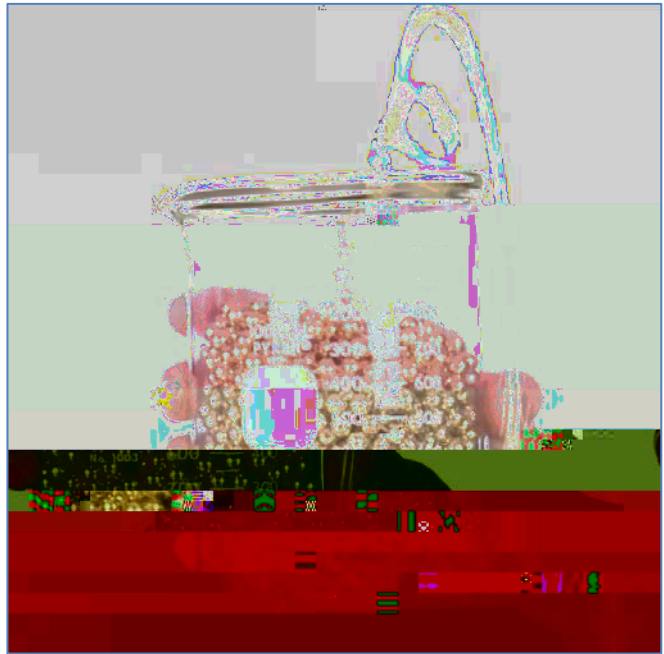

What do you think will happen when an end of the beads is pulled out?

Observe:

What did you see in the video?

Explain:

How can you explain what you've seen?

1. With a grown-up's help, cut the bottoms from two soda bottles.

2. Tape the bottles end to end so they form a football shape. Decorate the bottles, if you'd like!

3. Thread the two strings through the necks.

4. Tie the pieces of straw into a circular pattern to make two handles at each end. Now, zoom!
